MAKE VIRASAT THE MALT NORTH INDIA TALKS ABOUT

Heritage from 1943, six-row Himalayan barley, a Ruby Port finish. The story is there. We'd build the always-on engine that tells it every week.

1943

WHERE IT STANDS

New launch

Announced Nov 2025. Rolling out in UP, Haryana and Delhi first, then national.

Premium price

₹3,500–4,500 a bottle. Buyers research before they buy, so discovery and credibility matter.

Rich story

Bourbon barrels, Ruby Port pipes, 80+ years of Rampur Distillery. Plenty to film and write about.

THE GROUND RULE

Alcohol ads are banned in India (Cable TV Networks rules), surrogate ads are banned under the 2022 CCPA guidelines, and Meta does not allow alcohol ads in India. So no paid Meta/Google ads for Virasat in India. The plan below is built for that: organic, owned and retail-led, age-gated, with every piece cleared by Radico's legal team.

WHAT WE PROPOSE

01 Always-on social

- Monthly content calendar for Instagram and LinkedIn, you approve every post
- Reels on the craft: barley, casks, climate, the Rampur master blender
- Tasting-note and food-pairing series, no drinking visuals or lifestyle claims

02 Content from what you have

- From existing bottle and distillery shots we produce stills and short video
- Same system we run for Ceremony Kitchen: brand profile sets look and tone

03 Owned audience

- QR on shelf-talkers and bar menus into a 25+ age-gated WhatsApp / email list
- Tasting invites, new-batch news, store locator

04 Trade & on-premise

- Bartender and retailer content kits for Delhi NCR, UP, Haryana
- Tracked QR per outlet so we see which venues drive interest

05 Performance, done legally

- Optimise what we can measure: follower growth, saves, QR scans, list sign-ups, outlet enquiries
- Paid ads only in export markets that allow them, if Virasat goes abroad

06 Monthly report

- One page: what went out, what worked, what we change next month
